June 13, 2011 *Journal of a Dream I experienced just before morning light*

**This morning I woke up from a very powerful dream.
The dream went something like this...**

We were getting our house in order ~ JESUS~ the Lord ~ GOD'S HOLY PRESENCE was COMING!!! The focus was not WHEN He was coming but the excitement was in the fact that HE WAS COMING SOON !!! The time of preparation had come for His arrival! I wanted to invite as many people as I knew so that they could be ready (*know Him*) for His coming, too!

I remember awaiting His coming ~ His arrival ~ in a room. Before me light was transmitting through a window. To my right was a VENT in the wall. Before me was a covering laying abroad a solid rectangular object ~ most likely a "place of REST". As I stood there, a smoke-like white MIST came in through the vented area of the wall. It began to move in and underneath the covering that blanketed the place of rest before me. It was a white & light colored coverlet that began to move & to RISE UP / bubble up as the mist filled it up underneath the covering. This was not a mist that was a MYSTERY. The MIST represented the Holy Presence / Anointing of God ~ His Presence had ARRIVED!!! His Presence had come just as He promised! I welcomed His presence inside of me because I wanted to be ~ HIS DWELLING PLACE!!! I remember kneeling down and opening up my MOUTH & INHALING HIS PRESENCE INSIDE OF ME !!! As I inhaled ~the MIST beneath the covering flowed all inside of me! I INHALED THE PRESENCE & THE ANNOINTING OF GOD!!! The indwelling of His Presence within side of me was a HOLY BAPTISM OF HIS SPIRIT! As I inhaled Him ~ His Presence & POWER flowed past my vocal cords & anointed them with His worship ~filled Presence! (*HOLY PRESENTS!!!*) I KNEW that this was a HOLY MOMENT ~ A Holy visitation & my whole being felt RAPTURE!!!!!!

Then SHE ~ an angelic being ~ radiating & glowing with light ~entered the room. She began to SING NOTES that in the natural are not within my vocal range ~ BUT she sang the notes like an angel! Then she reached out towards me with her hand ~ pointing her finger towards mine. When our fingers touched ~ I began to sing in perfect harmony with her ~ a song I had never practiced but somehow I knew the melody / harmony & lyrics and we began to sing in perfect harmony together. I remember not the tune nor the lyrics but it was a beautiful melody of worship that we both connected with in the Spirit! I sang notes that in the natural would have been much too high for my voice but HIS PRESENCE WITHIN ME carried my notes up to a Higher Place. It was such a peaceful yet powerfully moving experience!

I remember waking up flooded with such an incredible sense of His nearness within me! A sense of truly feeling that I had been filled up with the sweet Spirit of the Lord. His Presence had found a dwelling place within me as I INHALED HIS PRESENCE inside of my MIND, SOUL, SPIRIT, HEART & BODY!! I woke up a couple more times and as I recalled the dream I remember saying, "YES! LORD!! I receive that! I RECEIVE YOU ~YOUR PRESENCE is at HOME WITHIN ME. I've been filled & anointed by YOU! YOU came just like You promised as I INHALED your sweet Holy Presence in through the very anointed instrument that You've given to me to use for ministry / worship moments!

I declare that YOU ARE GOOD! SOVEREIGN! I SHOUT IT OUT through my praises! Thank You for filling me up with YOURSELF! O Holy God ~ You create Holy Moments for me through the power of the visual ~ even when I'm dreaming ~ You create YOUR REALITY ~ the REALITY OF YOUR HOLY PRESENCE living & breathing in me. You are SO NEAR to me and I LOVE IT!!!
