

WHOLEHEARTEDLY YOURS

by Melissa Neutz, GodsongsHeart2Heart
Godsong born from April 25th-May 6th, 2015
Momo Key C, T=55, 6/8

Download for Verse 1 & Bridge came while playing my piano at home, Chorus was born while walking outside. Godstory behind this Godsong will be included in the notes. This will include the Godstory about my leg wound/ the scars that remain that tell my story about my stroke & heart surgery. My heart is 100% whole & healed now physically. This Godsong was born through my stroke where I found out I had an 18mm hole in my heart since birth that I didn't know I had. The blood clot from my leg wound went through the hole in my heart to my brain and caused a stroke. My heart surgery May 2015 100% repaired the hole in my heart. Thinking about the physical healing of my heart led me to an even greater healing I experienced in my heart through my healing journey. Truly, the internal healing I received in my heart spiritually, emotionally and mentally through my healing journey is the true theme behind this Godsong while the hole in my heart physically being 100% closed now through surgery was just the initial thought that got me thinking about my heart being 100% whole now. Jesus chose for His scars to remain to prove He overcame! Thank You, Jesus that You've made my heart Wholeheartedly Yours! I love You, DaddyGod!
